INDUSTRY EXPERIENCE

Bernard Chaus Inc., New York, NY

Associate Designer, PARKER   January 2025 - Present
- Formulate a line from conception, print direction, bodies and fabric through tech pack and overseas development.
- Attended fittings and assisted Head designer with ensuring fit and overall desired look of each style.
- Administered photoshoots and managed the team through conception to scheduling to completing full lookbooks for market use.

Assistant Designer, PARKER   March 2023 - December 2024
- Developed the line by sketching and CADing based on brand identity, sku count and sales reports.
- Sourced fabrics and trims with domestic and oversea factories while facilitating good relationships and completing deadlines.
- Guided in-house sample room through draping and patternmaking to sewing of desired samples daily.
- Entered all data and styles in our Exenta PLM system to ensure timely hand off to production team.

Fashion Design Intern   October 2022 - March 2023
- Assist in development process from tech pack to showroom sample to bulk production.
- Source fabric and trims directly from the garment district to maintain company library.

Davids Bridal

Alterations Specialist   July 2022 - March 2023
- Assisted lead specialitst with in-house Alterations to provide custom changes for every customer.
- Worked with brides and their parties to find the perfect gown to fulfill each bride's dream.

Muehleder NYC

Apparel Design Intern   May 2021 - August 2021
- Worked personally with the head designer to develop garments for upcoming collections from the conception stage through to sales, including pattern developing and garment construction.
